

**Summary table of the activities management in the central estuary territorial reserve for protected area purpose pursuant to the legislation and regulations of Québec and Canada**

| <b>Activities</b>   |             |
|---|-------------|
| <b>Mining, gas, and oil activities</b>  | <b>P</b>    |
| <b>Renewable energy generation</b>  | <b>P</b>    |
| <b>Waste disposal</b>   |             |
| Ships' and boats' ballast water discharges  | <b>P</b>    |
| Discharges of pollutants (hydrocarbons, garbage, organotin compounds)   | <b>P*</b>   |
| Discharges of municipal or industrial wastewater or from landfills  | <b>SA</b>   |
| Management of hazardous materials   | <b>SA</b>   |
| Activities likely to result in contaminant discharges in the environment  | <b>SA</b>   |
| <b>Infrastructure maintenance and development activities</b>  |             |
| All buildings or any other interventions in wetlands and hydrous environments   | <b>SA**</b> |
| All activities in fish habitats   | <b>P*</b>   |
| <b>Recreational fishing (sustainable)</b>   | <b>**</b>   |
| <b>Commercial fishing (sustainable)</b>   |             |
| Commercial fishing for freshwater species and anadromous and catadromous species: restrictions concerning the fishing gear, size, the quantity of the catch, and the period | <b>*</b>    |
| Commercial fishing for marine species: restrictions concerning the fishing gear and the period  | <b>*</b>    |
| Commercial fishing for forage species, centred on conservation  | <b>*</b>    |
| Commercial fishing for new forage species, which does not now exist   | <b>*</b>    |
| <b>Aquaculture</b>  | <b>*</b>    |
| <b>Maritime transport</b>   | <b>A</b>    |
| <b>Scientific research</b>  | <b>SA*</b>  |
| <b>Educational activities</b>   | <b>SA*</b>  |
| <b>Traditional Indigenous pursuits</b>  | <b>A*</b>   |

**Note:** The contents of this table are provided solely for information purposes and do not take precedence over the legislation and regulations in force.

| <b>Legend</b>   |             |
|---|-------------|
| Prohibited  | <b>P</b>    |
| Prohibited without authorization, subject to the exceptions stipulated in the legislation or the attendant regulations  | <b>P*</b>   |
| Subject to authorization, except for the low- or negligible-risk activities indicated in the <i>Regulation respecting the regulatory scheme applying to activities on the basis of their environmental impact</i> and considers conservation objectives   | <b>SA**</b> |
| Subject to authorization  | <b>SA*</b>  |
| Subject to authorization, except for the low- or negligible-risk activities indicated in the <i>Regulation respecting the regulatory scheme applying to activities on the basis of their environmental impact</i>   | <b>SA</b>   |
| Prohibited, or authorized without a licence for marine species if the regulatory provisions in force are observed, or authorized for freshwater species and anadromous and catadromous species with a fishing licence issued under certain conditions to ensure the sustainable management of fishery resources | <b>**</b>   |
| Prohibited, or requires a fishing licence issued under certain conditions to ensure the sustainable management of fishery resources   | <b>*</b>    |
| Allowed, subject to compliance with the legislation and regulations in force (voluntary protective measures reduce the risk of collisions with orcas and minimize the impact of noise on belugas)   | <b>A</b>    |
| No authorization is required if the activity is part of the exercise of the rights covered by section 35 of the <i>Constitution Act, 1982</i> and such rights are credibly established or asserted  | <b>A*</b>   |
