⁵ For specific treatment of unsold allowances in California's program, see the <u>Guidance on</u> <u>Treatment of Unsold Allowances</u> on the California auction webpage.

Each quarterly joint auction will be conducted using an electronic, internet-based Auction Platform that bidders use to submit bids in a single-round, sealed-bid auction format.

As described above, each entity must submit an application, or for CA Entities confirm its intent to bid, in an auction in CITSS. Financial Services Delivery Instructions will be available from CITSS, and all final bid guarantees must be received by the Financial Services Administrator by no later than the date and time listed in the Auction Schedule. The Jurisdictions will approve or deny applicants for an auction within two (2) business days of the scheduled auction date.

Procedures for conducting the auction are described in further detail in the <u>Detailed</u> <u>Auction Requirements and Instructions</u> document with specific examples provided in the <u>Auction Examples</u> document.

Form and Manner for Submitting Bids

Participants will be able to submit bids manually and upload bid schedules in a predefined Excel template in the Auction Platform during the bidding window. Bid quantities can only be submitted in multiples of 1,000 allowances, i.e. 1 bid lot equals 1,000 allowances. Bids for both the Current Auction and the Advance Auction will be accepted during the same scheduled 3-hour bidding window. The form and manner for submitting bids are described in further detail in the <u>Detailed Auction Requirements and</u> <u>Instructions</u> document with specific examples provided in the <u>Auction Examples</u> document.
